Waterrecreation in Zuid-Holland

Bas van Toledo

wb.van.toledo@pzh.nl

Oktober 2020 |

Introduction (1)

Five important steps which influenced the development of waterrecreation in Zuid-Holland (2)

1. Policy - provincial vision and agenda “Rijke Groenblauwe Leefomgeving”
2. Provincial Elections 2019
3. Input from the Explorerer Waterrecreation
4. Building of the Common Agenda Waterrecreation
5. Realisation of projects

1. Policy - The provincial vision and implementation agenda “Rijke Groenblauwe Leefomgeving” (3)

2017 / 2018

(Rich Green Blue Living Environment)

improving the social and business climate in South Holland and strengthening the position of the province of South Holland in the Netherlands and Europe

VISIE RIJKE GROENBLAUWE LEEFOMGEVING

Zuid-Holland investeert in een gezonde en aantrekkelijke leefomgeving

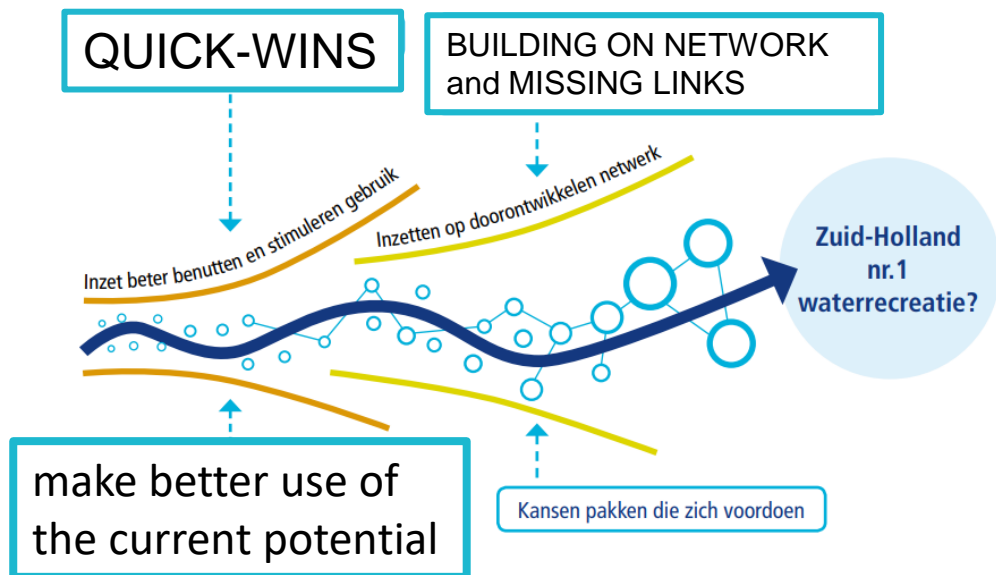

main parts of policy (4)

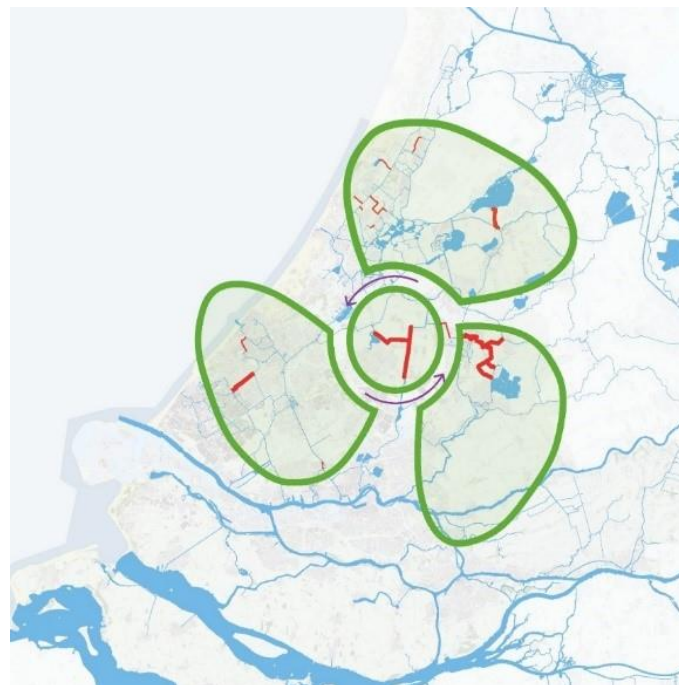

A) Focus on three spearheads:

1. Hospitality and engaging
2. Smart water network
3. Green waterrecreation.

C) Approach

B) Focus on three regions

2. 2019 provincial elections (5)

commissioner Baljeu

The power of Water 2019

3. Water Recreation Explorer (6)

Verkenning vaarrecreatie provincie Zuid-Holland

Van individuele wensen naar een gezamenlijk en uitvoerbaar
perspectief

Result: positive attitude and time for action (7)

4. Collaboration Agenda for Water Recreation (8)

The program consists of the following parts:

1. a common ambition
2. smart goals
3. basic informatie
4. limited number of themes we want to collaborate on
5. ultimately this results in a short-term agenda (0-3 years) and a long-term agenda (5-15 years)

5 – results (9)

1. Mooring Bernisse

4. Delft charging station for electric boats

2. Grotekerk plein Rotter- dam

3. New Cano- routing

- 2018 – 2020 – 15 projects
- total investment till 2021 > more then 2,0 mln euro's
- financial contribution ZH +/- 0,8 mln euro

Zuid-Holland during Corona-summer

Corona, the other site

Thank you
